SUMMARY

B.Tech student currently learning Data Structures and Algorithms to strengthen problem-solving skills. Enthusiastic about Artificial Intelligence and Machine Learning, with a growing interest in exploring how data-driven technologies can solve real-world problems. Eager to gain hands-on experience through impactful projects and internships.

PROJECTS

Printery – College Stationery Web App

- Built a full-stack web app for digital stationery ordering using MERN Stack.
- Integrated authentication, admin dashboard, and real-time order tracking for smooth operations.
- Enhanced accessibility and reduced manual processes through automation.
